

## FURTHER EVIDENCE FOR DILLINGHAM

Former Member of the Legislature Writes of Important Facts—Many Such Letters Being Received.

Hon. Marshall Tankersley, a former member of the Texas legislature, has some things to say regarding "Plant Juice," which is now attracting wide attention throughout Texas. There are few better known men in Texas than Marshall Tankersley. At one time for a period of several years, while he was in politics, he came as near carrying the vote of Harris county in his "vest pocket" as has perhaps any man before or since, observes the chief demonstrator at Kelly & Pollard's.

In a letter to Colonel Dillingham Mr. Tankersley has the following to say regarding the new vegetable tonic, "Plant Juice."

My Dear Sir: I have been afflicted with asthma and catarrh of the stomach for the past ten years. This has been accompanied with a bad cough which has troubled me very much in damp weather. I have been getting worse every year. I read the notices in the papers about "Plant Juice" and what it was doing for other people. I did not give much credence to the testimonials as every patent medicine, perfume and other kinds have long had testimonials. I have tried Peruna and the others without getting much benefit from them. About ten days ago I was feeling particularly bad and depressed when a friend came to me and said: "Tankersley, try this 'Plant Juice' everybody is talking about. It will cure you any time and may help you."

I decided to follow his advice and went and bought a bottle. I have taken it and am ready to start on the second bottle. To make it short, the medicine has acted upon my liver, spleen and kidneys in this case, and has purified my blood. I don't cough as I did and I have been greatly benefited. I am going to take another bottle and it will help me as much as the first, then I am going to continue with "Plant Juice" until it cures me, if such be possible. Very truly,

Marshall Tankersley,  
1618 McKinney Avenue  
Dallas, Texas.

"Plant Juice" is the greatest health and stomach tonic. It is a direct corrective for derangement of the liver, kidneys, stomach and blood. Any man or woman who suffers with constipation, coated tongue, foul breath, bitter taste, poor appetite, pains in the side, distention, who are yellow, feverish, dizzy, have dull headaches, highly colored urine, loss of appetite, cold chills, are mentally depressed or, in fact, that condition commonly expressed as "all run down," will find immediate and permanent relief in "Plant Juice." It is purely vegetable, is a great vitality and reconstructive agent. A positive money back guarantee goes with every bottle. See the daily demonstrations at Kelly & Pollard's Drug Store, 291 N. Oregon St.

**CRUCES FEDERAL BUILDING ASSURED**

Will Cost \$110,000; Loretto Academy Commenced Held.

The office of The Herald for Las Cruces is in the Postoffice news store, Desmarre Bros. This firm will deliver The Herald each night at the regular rate of 50 cents a month.

Las Cruces, N. M., June 13.—The federal building for Las Cruces is now an assured fact. The appropriation for \$110,000 has passed the senate, according to a telegram received from Washington by the chamber of commerce, and with this amount available the building will soon be under construction.

The site formerly chosen for the federal building and which was to be located on the corner of Main and Griggs streets, the owners were to show a clear title to the property and the government in turn was bound to complete the transaction before July 1, 1911, or forfeit the option at the above price. As a matter of fact, the tract of land was worth at least \$25,000 at the time the contract was entered into, and could be bought today for \$30,000, and the failure of the government to protect the option within the time allowed by the contract will undoubtedly work a forfeiture of this tract. Several other available sites for this building are also under discussion.

The new building when completed will have rooms for the postoffice, landoffice, reclamation service and United States court, and the location of these offices at either end of Main street will do much toward bringing other lines of business in that direction.

W. W. Cox, county treasurer, is again in his office, after a short absence to his stock ranch on the San Augustin plains. J. L. McCullough of the Organ Mountain Mining company, drove to town from his camp at the Bennett-Stephenson property and reports conditions excellent for the resumption of shipping from his property in the near future.

Mrs. Albert B. Fall and daughter, Miss Jennie, are registered at the Don Berna, do from Three Rivers. Mrs. Fall came with her husband to grace the occasion of the reception and ball given in honor of the senator from southern New Mexico.

The passage of the three year homestead bill is the cause of business dropping off greatly at the United States landoffice through the popular idea that the law will not operate on homesteads made prior to the final approval of this law, but receiver Sims says that the text of the law was such that the homestead entryman, whether a new entry or one in force for four years, could receive the benefits according to this act. In fact, as was pointed out by Mr. Sims, the man who has a homestead that he has lived on for more than three years at the time this act is approved, can immediately avail himself of the provisions of the act and make proof at once, while those who have a credit of

two years' residence can prove up in a year, and so on.

Slight showers are almost of daily occurrence with considerable wind, and the alfalfa growers are trying to make hay while the sun shines to get all their crop in before the heavy summer rains come on.

The passing of the good roads bills and the bill to allow the bonding of the county for good roads and bridges has again raised the question of a bridge across the Rio Grande at Pecos, directly west of town. This bridge has been needed for many years and the development of the west side of the valley on the other side of the river has been greatly retarded because of the lack of bridges and roads to market the crops grown there.

The damage to the Mesquite and Anthony bridges has also seriously interfered with the marketing of alfalfa from the west side around San Miguel and La Mesa, and down as far as La Union. These bridges are the only means of communication with the railroad except the bridge at Caminito, and the distance to haul from San Miguel and La Mesa make that bridge of little value to the farmers between here and the state line. Judge Frank W. Parker, who recently purchased a touring car in Santa Fe, writes that he is going to drive down the valley by way of Albuquerque and the route of the Camino Real and will arrive home the latter part of the week.

**Loretto Commencement.**

The 42d annual commencement of the Loretto academy has been held. The program was one of the best musical events ever held in Las Cruces. The numbers rendered were as follows:

"Elsie's D'Amour," Opus 21, four hands (Vilbanc), Misses Moon, Miller, Turner, O'Boyle, Meyer, De la U, Roberts, Wells.

"Through the Leaves" (F. K. Schuller), first violin, Miss H. Howell; second violin, Miss F. Lins. "Rhapsodie Hongroise No. 2" (Liszt), Misses De la U, Moon, Meyer, Lohman. "Mazurka de Concerto" (Friede Musin), violin, Miss Howell; piano, Miss Lohman. "Medley on National Airs" (Beyer), first violins, Misses Lins, Miller, Roberts, Bruton, White, De la U, Murray, Turner, K. Meyer, second violins, Misses Howell, O'Boyle, Grayson; piano, Miss Meyer.

Chorus, "Sunset" (F. E. Watson). Valedictory, "Success in Failure," Miss Elizabeth Agnes Symons.

At the close of the program a diploma was awarded to Miss Elizabeth Agnes Symons, after which the distribution of 12 medals donated by business firms, concluded the evening.

Mrs. Gus Manasse was hostess to St. Louis, where she will spend the summer, and later go on to Milwaukee for a short visit with the Manasse family there.

Among those who visited the Loretto academy on the occasion of the 42d annual commencement were Mr. D. Murray, Mr. J. C. Meyer, Mr. C. E. Meyer, Mr. C. E. Meyer, Mrs. Irvin and daughter of El Paso; Mrs. Moon and daughters of Belen; Mrs. M. White of Hope, N. M.; Mrs. Roberts and baby of Wilcox, Ariz.; and Mrs. Boulware of Silver City.

C. Carrera has returned to El Paso after a short visit with relatives in the valley.

Mrs. C. C. Chase, daughter of senator A. B. Fall, was a visitor during the early part of the week and attended the reception and dance tendered the senator by his family in Dona Ana county.

Mrs. Floyd Oldham and children have left for Los Angeles to spend the summer.

**Cleanup Campaign.**

The local papers have been agitating a cleanup of the business streets and alleys. Main street has been torn up by the contractors so long that it has been made a dumping ground for refuse. Many of the merchants between Griggs street and Bowman have agreed to purchase a short length of fire hose to be used in the sprinkling or washing of this street for the purpose of cleaning it.

The property owners along many of the residence streets are setting out new trees for shade this year.

Now that the fruit season is coming on, and the grower is looking for the market for his product, it is necessary for a canner to get his fruit "clean" than ever.

The organization of a mutual canner plant by the farmers and orchard men of this valley is being discussed.

Word comes from Caminito that the bridge at that place is in a serious condition from the effect of the recent high water, and the hauling of heavy loads over this bridge has been discontinued for the present until the water subsides to such an extent as to enable the county to repair it.

The Dona Ana county commissioners state that they will begin the repair of the Anthony and Mesquite bridges just as soon as the water is low enough to permit the men to work. The Mesquite bridge has one span entirely gone, and the balance of the bridge is in bad shape. Both approaches are washed out.

The bridge at Anthony will require almost rebuilding as the damage is such that the whole structure to be of little use.

**JACK SQUIRE'S BUSINESS MAY GO INTO THE COURTS.**

Jack Squire's inn has been closed arrangements being made by the creditors of the former El Paso saloon keeper to have his affairs settled in court, the creditors say. Squire was in business in the rear of the White House and appeared without leaving any instructions as to the disposition of his business, his creditors say.

## LILLIAN RUSSELL MARRIES EDITOR

Editor of Pittsburg Leader and Famous Actress Become Man and Wife.

Pittsburg, Pa., June 13.—Lillian Russell, actress and singer, was married here yesterday to Alexander P. Moore, editor of the Pittsburg Leader. Only

The wedding of Mrs. Marjorie H. Ransom and Albert Reading Williams occurred at 5 o'clock Wednesday afternoon at St. Clement's Episcopal church, Rev. Henry Easter, the rector, officiating.

Mrs. W. D. Greet presided at the organ and to the strains of the Lohengrin wedding march the bride party entered the church. Mrs. P. H. Todd, aunt of the bride, as matron of honor, led the party in a procession. She made an attractive picture gowned in a white lingerie dress with a large white miller straw hat, trimmed with yellow roses. Her flowers were a huge bouquet of bridemaids' roses. The bride entered on the arm of her uncle, P. H. Todd, who gave her in marriage.

The bride wore a gown of white silk striped marquisette. A fichu of crepe de chine was draped over the shoulders. The tulle veil was worn hood effect, a wreath of orange blossoms holding it in place. She carried a large wreath of bride's roses and orange blossoms, arranged with ferns, from which white ribbons and making hair tress fell in shower effect. **Try Skin Absorption Instead of Cosmetics**

(From the Woman's Militant)

The constant use of rouge and powder invites a coarsened, roughened condition of the skin, eruptions, enlarged pores and wrinkles. If you have learned this from experience, suppose you quit cosmetics and try what I recommend.

Get your drugist for an ounce of ordinary mercuric wax and begin using this tonight. Apply like cold cream, washing it off in the morning. Keep this up for a week or two. The wax will literally absorb the coarse, colorless or bluish tinted top skin, but so gradually as not to discommode you at all. Just as gradually the clear, velvety, naturally tinted under-skin comes to the surface. And mercuric wax becomes your everlasting friend.

For those wrinkles and large pores, make a face bath by dissolving an ounce of powdered salolite in a half-pint witch hazel. This has remarkable astringent and tonic properties, and beneficial results come quickly.—Adv.
